

Statistical Consultant/Analyst

We invite inquiries for consulting positions at all levels. Desirable qualifications include:

- M.S. or Ph.D. in statistics, applied mathematics, operations research, economics or a related field;
- Aptitude for quantitative problem-solving and data analysis – experience a plus;
- Strong computer skills (we use SAS, S-Plus, Mathematica, and other business and scientific software, principally on Unix and Macintosh platforms);
- Ability to work effectively under deadlines;
- Ability to collaborate with others in an informal, collegial environment;
- Strong communication skills.

Compensation is competitive and commensurate with performance.

Our offices are in the city of Novato, Marin County, California, thirty minutes north of San Francisco.

For more information visit our Web site at www.wecker.com.

Applicants should send curriculum vitae and most recent university transcript by e-mail (to employment@wecker.com). No telephone calls please.
