

## **RESEARCH SPECIALIST**

**University of Pennsylvania School of Medicine**

**General Internal Medicine**

**Reference # 090927435**

A leader in medicine for more than 230 years, The University of Pennsylvania opened its School of Medicine in 1765. Since its founding days, Penn has expanded medical frontiers by creating some of the nation's earliest programs including Dermatology, Neurosurgery, Ophthalmology and Radiology. We currently are the only Delaware Valley program to offer transplantation of five major organs, further demonstrating our commitment to scientific discovery and patient care.

### **Duties:**

The Research Specialist D will be responsible for managing administrative and survey data, statistical programming in SAS or STATA, learning and applying new statistical techniques for existing projects or proposals, performing econometrics and biostatistical analysis, and supporting the writing of manuscripts for peer reviewed journals.

### **Qualifications:**

A Master's Degree or more is required and 3 years to 5 years of experience or equivalent combination of education and experience. Candidates should have some knowledge of health economics concepts and health services delivery. Experience in economic research methods, economic analysis and SAS or STATA is required. This position is contingent upon funding. A background check is required.
