Indiana University is a member of the prestigious Association of American Universities (AAU), and boasts numerous resources available to IU School of Public Health-Bloomington faculty. The city of Bloomington offers the feel of a college town with the amenities of a large city. As Indiana University prepares for its Bicentennial in 2020 there has not been a more exciting time to join the faculty.

The successful tenure-track Assistant/Associate Professor candidates will provide evidence of the potential to secure funded research grants, conduct research, write for peer reviewed publications, and teach undergraduate and graduate classes in the candidate’s specified area of expertise. Candidates must hold a doctoral degree by appointment start date in biostatistics or statistics from an accredited school of public health, school of medicine or related educational institution, a record demonstrating the potential for significant scholarly achievement, and an ability to collaborate with others. The anticipated effective hire (start) date for these 10-month appointments is August 1, 2016. Review of applications will begin October 1, 2015 and continue until the positions are filled. Applications received by November 1, 2015 will receive full consideration. Salary is competitive depending upon qualifications and experience.

Applications must include: Cover letter, curriculum vitae, statements of research and teaching interests, and a list of three (3) references. Interested candidates should review the application requirements and submit their application at: https://indiana.peopleadmin.com

Questions regarding the position or application process can be directed to: EBIO Search Committee at epibio@indiana.edu or via postal mail at EBIO Search & Screen Committee, Department of Epidemiology and Biostatistics, School Public Health-Bloomington, Indiana University, 1025 East 7th Street, Bloomington, IN 47405-4801.

Indiana University is an equal employment and affirmative action employer and a provider of ADA services. All qualified applicants will receive consideration for employment without regard to age, ethnicity, color, race, religion, sex, sexual orientation or identity, national origin, disability status or protected veteran status.
