The Social Science Division at Bellevue College announces an opening for the Statistics (BusAdmin Transfer), Temporary Full-Time Faculty #015135. This position will start in Winter 2016.

The faculty shall perform duties and responsibilities under the general direction of: Vice President of Instruction and Dean of Social Science Division. The individual is also responsible for: demonstrating a commitment to student success through teaching and learning excellence, providing student advising; maintaining current knowledge and skills in area of assignment; and participating in college governance.

ESSENTIAL FUNCTIONS/TYPICAL DUTIES:

- Teach statistics courses using a variety of modalities as required, (e.g, business statistics, data analytics/modelling). Teach other business classes as necessary (e.g., Law, International Business).
- Implement comprehensive and pluralistic curriculum that meets the needs of multi-cultural, multi-ability students in a competitive and global business world.
- Create a teaching and learning environment of the highest academic quality and academic integrity using a variety of instructional styles and delivery formats, with the underlying principle of equity, access, and diversity.
- Engage and lead continuous improvement of teaching and learning within the program.
- Advise students on academic and career plans.
- Develop and maintain partnerships with four-year institutions and industry to enhance the success of our students.
- Mentor and support adjunct faculty.
- Develop and implement student activities outside of class to enhance student success, student's diverse educational experience, and for career exploration.
- Participate in college governance (e.g., committees, etc.).
- Faculty in the Business Administration Transfer program also supervise the student tutoring lab and student leadership programs.
- Perform related duties as required.

MINIMUM QUALIFICATIONS:

- Master's degree from an accredited institution in Business, Statistics, or related field.
- Ability to connect and build relationships with students and colleagues from varied ethnicities, ages, backgrounds, learning styles, and abilities.
- 2 years of relevant work experience in analyzing data.
- 1 year of relevant teaching and/or training experience.

PREFERRED QUALIFICATIONS:

- Relevant work experience or education in law or international business.
- Ability and willingness to adapt to changing teaching schedules and situations.
- A philosophy of education consistent with the open access mission and the commitment to pluralism and diversity of the community college.
- Currency with issues and developments in data analysis and business.
- Demonstrated ability to work effectively with diverse teams, and strong interpersonal skills.
- Active membership in good standing with professional organizations.

Applications submitted by December 06, 2015 to receive priority consideration. Applications received after that date may be considered until position is filled.
To apply, go to www.bellevuecollege.edu/jobs and review the full job announcement, require documents to be attached, and full application instructions.
