Tenure-Track Faculty Position in Epidemiology Methods

Department of Epidemiology
Tulane University School of Public Health and Tropical Medicine

The Department of Epidemiology at the Tulane University School of Public Health and Tropical Medicine is seeking applications for a tenure-track faculty position in Epidemiology Methods. Candidates with training and experience in biostatistics and epidemiology methods are encouraged to apply. There are several large on-going clinical, epidemiological studies at Tulane University Health Sciences Center. We offer a supportive environment for faculty to participate in these funded studies or develop new projects, in cooperation with research centers and other departments at the Health Sciences Campus.

Qualifications for Assistant Professor candidates include a doctoral degree in statistics or biostatistics with training/experience in clinical or epidemiology research, or PhD in epidemiology with advanced training in biostatistics and research experience in quantitative methods, post-doctoral experience, demonstrated potential to establish independent research programs, evidence of excellence in teaching, and interest in collaborative research.

Qualifications for Associate Professor candidates include significant contributions to published research, external research funding, and professional distinction in teaching, mentoring, and service.

Review of applications will begin as soon as possible and applications will be accepted and reviewed until the position is filled. Applicants should send a cover letter, curriculum vitae, and at least three letters of recommendation to:

Tanika N. Kelly, PhD, Tulane University School of Public Health and Tropical Medicine, 1440 Canal Street, Suite 2000, New Orleans, LA 70112. E-mail Address: tkelly@tulane.edu.

TULANE UNIVERSITY IS AN EQUAL OPPORTUNITY/AFFIRMATIVE ACTION EMPLOYER. WOMEN AND MINORITIES ARE ENCOURAGED TO APPLY.
