The Department of Statistical Science at Cornell University invites applications for a faculty position at all ranks (assistant, associate and full professor or Jacob Wolfowitz assistant visiting professor).

Information about the Department of Statistical Science appears at [http://stat.cornell.edu/](http://stat.cornell.edu/)

**Requirements:**

Applicants should have a research program in statistical methodology, theory, and/or computing, and ideally should be addressing contemporary problems such as those involving large and complex data.

A PhD in statistics or related field is required and candidates must have demonstrated an ability to conduct outstanding research, and show promise for excellent teaching. Exceptional candidates in all areas will be given serious consideration.

All applicants must submit a cover letter, a curriculum vitae including a list of publications, and arrange to have at least three reference letters submitted electronically.

Up to three relevant research publications may also be submitted.

Application materials must be submitted at: [https://academicjobsonline.org/ajo/jobs/6681](https://academicjobsonline.org/ajo/jobs/6681)

Application Deadline: Evaluation of applicants will begin December 1st and continue until the position is filled.
