Open Rank Faculty Positions

Department of Statistics, Oregon State University

The Department of Statistics at Oregon State University (OSU) invites applications for two 9-month (1.0 FTE) tenure-track or tenured faculty positions at the Assistant/Associate/Full Professor rank, starting September 16, 2016. Requirements include a Ph.D. in Statistics or Biostatistics, evidence of excellence in teaching and in independent and collaborative research in statistics. The focus of these two faculty positions is to contribute to the research in data sciences and the new graduate on-line data analytics program. One of the two positions is anticipated to be at the senior level. To be considered at the Associate Professor or Professor level, the candidates must have teaching experience, research experience and publications commensurate with those levels to be granted the same rank at Oregon State University. Preference will be given to candidates with a demonstrable commitment to experience in developing online courses and promoting and enhancing diversity.

The Statistics Department has 13 full-time tenured/tenure-track faculty members and roughly 60 graduate students, and offers M.S. and Ph.D. degrees in Statistics. Current research interests of the faculty include Bayesian methods, environmental statistics, high dimensional data analysis, statistical ecology, sampling, statistical bioinformatics, and spatial statistics. The Statistics Department receives support for its academic program from the College of Science with supplemental funding provided by the College of Agricultural Sciences for research and consulting activities. Strong collaborative research ties are also maintained with the U.S. EPA Corvallis Environmental Research Lab, the Linus Pauling Institute, the Environmental Health Science Center, the Center for Genomic Research and Biocomputing, and several state and federal agencies involved with natural resource monitoring. For more information about the Department and the city of Corvallis, see http://www.stat.oregonstate.edu

To ensure full consideration, all application materials must be received by January 2, 2016. However, screening of applicants will continue until the position is filled. For additional information on how to apply for this position please go to https://jobs.oregonstate.edu/ and search posting #0016307. Tenure-track applicants are required to submit a copy of their transcripts and arrange for three letters of recommendation to be submitted to search@stat.oregonstate.edu or Search Committee, OSU Statistics Department, 239 Weniger Hall, Corvallis, OR 97331. For applicants interested in a fully tenured position (Associate/Full), letters of recommendation will be solicited after an initial screening of all applicants.

Inquiries about the position may be directed to Yanming Di at diy@stat.oregonstate.edu. OSU is an affirmative action/equal opportunity employer, and has a practice of being responsive to the needs of dual-career couples.
