Junior or Assistant Data Specialist
The University of Hawai‘i Economic Research Organization (UHERO) in the Social Science Research Institute, College of Social Sciences invites applications for a Junior or Assistant Specialist (position 0084643), full-time, tenure track, general funds, beginning November 30, 2015, pending position clearance and availability of funds.

Duties: Provide expert leadership for the UHERO Analytics team—a group of staff, graduate research assistants and undergraduate interns that develop and maintain all of UHERO’s custom database systems; design, build and maintain custom data and web applications; and develop and deploy best-in-class visualizations, dashboards and other innovative methods to produce high-impact research outreach. Develop and teach undergraduate course on Data Analysis and Visualization using R; conduct research and service in congruence with UHERO’s mission and serve as principal investigator on extramurally funded projects.
