HARVARD UNIVERSITY – DEPARTMENT OF STATISTICS

The Department of Statistics at Harvard University seeks to appoint several positions at the tenured (Full Professor) level for the 2016-17 academic year. We seek exceptionally strong candidates in any field of statistical methodology and/or probability, as well as in any interdisciplinary areas where innovative and principled use of statistics and/or probability is of vital importance.

The appointee will teach and advise students at the undergraduate and graduate levels and will be expected to develop innovative courses at both levels. The appointee will also undertake administrative responsibilities in the department and be expected to participate in the intellectual life of the Division of Science, the University and the wider scholarly community.

The Department is keenly interested in diversifying its faculty and encourages applications from diverse candidates, including from women and minorities.

Please submit the following materials through the ARtEŞ portal (https://academicpositions.harvard.edu/postings/6304): cover letter, curriculum vitae, evidence of teaching excellence (e.g., course evaluations, if available), statements of teaching and research interests, representative publications and contact information for at least five references.

Letters of nomination from third parties are also welcome.

Submission of an application by November 1, 2015, will ensure consideration during the current academic year.

Contact Information: Search Committee, c/o Betsey Cogswell, Department of Statistics, 7th Floor, Science Center, Harvard University, Cambridge, MA 02138-2901. Email: cogswell@stat.harvard.edu.

Harvard is an equal opportunity employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.
