Position Title: Research Associate (open rank)

Req # 02953

The University of Chicago's Department of Public Health Sciences' Biostatistics Laboratory (BL) is seeking individuals with a PhD in Statistics or Biostatistics (or a closely related field) and at least five years of relevant experience for appointment as a Research Associate (open rank). Knowledge of statistics and statistical software, excellent technical writing and oral communication skills, and commitment to collaborative research is required. Expertise or knowledge in one or more of the following areas is preferred: longitudinal data analysis, survival analysis, research design (clinical and population based), clinical trials, functional data analysis, signal processing, analysis of fMRI data, and statistical genetics. The primary activity of a Research Associate is academic research in association with faculty members or team.

Those interested must apply through the University of Chicago's Academic Career Opportunities website at http://tinyurl.com/h24ygkh by uploading a cover letter, curriculum vitae, research statement, and the names of at least three references. To complete the application, three letters of reference must be received by the BL Academic Search Committee at BLapplications@health.bsd.uchicago.edu. Review of applications will begin on June 1, 2016 and will continue until the position is filled.
