Description: The Department of Statistics and Applied Probability at UC Santa Barbara invites applications for a Lecturer position for the 2017-2018 academic year (with possibility of renewal).

Applicants are expected to show a strong commitment to excellence in teaching undergraduate statistics. Appointment can be either full-time or part-time; reappointment is possible provided there are ongoing Departmental needs and satisfactory performance. Teaching duties would include introductory statistics courses, and upper-division applied statistics. Salary is based on UC's salary scales and depends on qualifications.

The Department offers three Majors (Statistics, Financial Mathematics and Statistics, Actuarial Science) comprising over 1000 current students. Faculty research interests include applied statistics, bio-statistics, Bayesian and computational methods, stochastic processes, mathematical statistics, financial mathematics, healthcare insurance, and longevity modeling. For more information about the Department please see http://www.pstat.ucsb.edu

Minimum Qualifications: Advanced degree in Statistics, Mathematics, or related field, or advanced Actuarial credentials (Fellow of CAS or Fellow of SOA, or equivalent).

Application Instructions: Materials should be electronically submitted via UC Recruit https://recruit.ap.ucsb.edu/apply/JPF00898.

Interested candidates should apply by submitting a CV, Cover Letter, and arranging for two letters of recommendation, ideally directed towards teaching. Candidates should discuss their scholarly pursuits (such as statistics research, statistics education, statistical consulting) in their cover letter. The Department is especially interested in candidates who can contribute to the diversity and excellence of the academic community through teaching.

Enquiries can be directed via email to Mike Ludkovski at ludkovski@pstat.ucsb.edu

Closing Date: Screening for the position will commence on January 16, 2017 and will continue as needed. The posting will remain open until June 30, 2017 to accommodate department needs. Please note: The use of a Lecturer pool does not guarantee that an open position exists at the time you are applying.

The University of California is an Equal Opportunity/Affirmative Action Employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability status, protected veteran status, or any other characteristic protected by law.
