Company Information: The Department of Mathematics, Applied Mathematics, and Statistics at Case Western Reserve University is searching for a tenure-track assistant professor in Statistics to begin in AY 2017/2018. Preference will be given to candidates whose research is in areas of statistics that complement and interface with the existing expertise in the department and who can meaningfully interact with the current group of statisticians, probabilists, and applied mathematicians in the department. This hire is part of an effort to continue building a statistics group that interfaces well with faculty in other fields, including, for example, biology, physics, astronomy, biostatistics, as well as researchers in the Schools of Engineering and Management.

In employment, as in education, Case Western Reserve University is committed to Equal Opportunity and Diversity. Women, veterans, members of underrepresented minority groups, and individuals with disabilities are encouraged to apply. Case Western Reserve University provides reasonable accommodations to applicants with disabilities. Applicants requiring a reasonable accommodation for any part of the application and hiring process should contact the Office of Inclusion, Diversity and Equal Opportunity at 216-368-8877 to request a reasonable accommodation. Determinations as to granting reasonable accommodations for any applicant will be made on a case-by-case basis.

Position Title: Tenure-track assistant professor

Duties and Responsibilities: More detailed information regarding the Department may be found on our website: http://www.cwru.edu/artsci/math/. Applications will be reviewed upon arrival. Case Western Reserve University is located in the University Circle cultural district of Cleveland, Ohio, home of the nationally top-ranked Cleveland Clinic, internationally famous Cleveland Orchestra, the Cleveland Museum of Art, the Cleveland Institute of Music, and the Cleveland Institute of Art. Within a five-mile radius from CWRU are the nation’s second largest theater district, several professional sports teams, a wide range of musical, artistic, and culinary venues, and numerous, diverse communities in which to live.

Position Qualifications: All candidates should hold a Ph.D. in Statistics or a related field by the time of the appointment, have demonstrated teaching/mentoring experience, and a publication record appropriate to rank. The normal teaching load is two courses per semester. Candidates should submit a letter of application, curriculum
vitae, a statement of teaching philosophy and experience, evidence of teaching excellence, and a statement of current and future research plans. In addition, the candidate should arrange for three letters of recommendation to be submitted by writers directly to mathjobs.org.
