FACULTY POSITION IN MATHEMATICS AND STATISTICS, WASHINGTON STATE UNIVERSITY

The Department of Mathematics and Statistics at Washington State University invites applications for a full-time, tenure-track position in Statistics at the Pullman campus. Emphasis research areas include but are not limited to collecting, modeling and analyzing high dimensional large data sets in science and engineering. Appointment will be at the Assistant Professor rank. The successful candidate will be expected to teach undergraduate courses in Statistics for the Data Analytics degree as well as graduate courses in Statistics, develop independent and collaborative research, establish an externally funded research program, and publish scholarly work. It is anticipated that the successful candidate will begin the appointment on August 16, 2017.

Qualifications: An earned doctoral degree in Statistics or Statistical Sciences or in Mathematics with Statistics emphasis is required prior to the start of the appointment. The successful candidate must have a demonstrated record of scholarly work and potential to establish a robust research program. Candidates must be qualified to teach courses in mathematics, statistics and statistical science. Demonstrated excellent verbal and written communication skills are desirable. Application: Applications should include a letter of application, a curriculum vitae, a statement of research plans, a statement of teaching experience and interests, and contact information for three references.

To apply, visit www.wsujobs.com. WSU is an EO/AA Educator and Employer.

Application review begins December 1, 2016. It is anticipated that the successful candidate will begin the appointment on August 16, 2017. For additional information on Washington State University and the Department of Mathematics and Statistics, visit our home page at http://www.math.wsu.edu.
