Midcareer Professor

The Department of Statistics at UCI is encouraging applicants for a faculty position through the campus Midcareer Professor Hiring initiative (MPHI). This program seeks to identify the most highly successful mid-level (advanced assistant, associate or beginning full professor) candidates. All areas of statistics/biostatistics will be considered.

Applications will be accepted through December 9, 2016. However, applications received by November 9, 2016 will receive fullest consideration.

The Department of Statistics at UCI (www.stat.uci.edu) has an interdisciplinary focus, with an emphasis on developing methods to solve applied problems and advancing the statistical theory that underlies those methods. There are currently nine full-time faculty members in the Department of Statistics. The department currently offers a B.S. in Data Science, and an M.S. and Ph.D. in Statistics. The goal of our Ph.D. program is to train statistical researchers to be leaders in the development of statistical methodology and statistical theory, and to be active participants in interdisciplinary collaborations. We are searching for faculty with strong research potential, a commitment to excellence in teaching, and enthusiasm for helping our department continue to grow.

Recently celebrating its 50th anniversary, the University of California, Irvine is part of the premier public university system in the world. UCI is a member of the Association of American Universities and was recently named by U.S. News & World Report as a top ten public university and by the New York Times as No. 1 among U.S. universities that do the most for low-income students. UCI is located in one of the world’s safest and most economically vibrant communities and is Orange County’s second-largest employer, contributing $4.8 billion annually to the local economy.

The University of California, Irvine is an Equal Opportunity/Affirmative Action Employer advancing inclusive excellence. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age, protected veteran status, or other protected categories covered by the UC nondiscrimination policy.

To be considered for an appointment in the Donald Bren School of Information and Computer Sciences, go to: https://recruit.ap.uci.edu/apply/JPF03719
