The Department of Mathematics at Wayne State University invites applications for tenure-track positions at the rank of Assistant Professor or Associate Professor, commencing in fall, 2018. The Department will consider all areas but is primarily interested in hiring in algebra, analysis, or statistics. Applications should include a detailed vita, description of current research interests, and four letters of recommendation, one of which should address teaching. Evidence of effective teaching at the undergraduate level is preferred to a statement of teaching philosophy. A Ph.D. in mathematics or Statistics and a strong interest in research and teaching are required.

Applications received by December 1, 2017 will be given priority. Applicants must apply at https://www.mathjobs.org. The position will also be posted at https://jobs.wayne.edu. Applicants must also apply online through this website. Posting number(s) will be available soon. Check back for specific posting number(s). For further information please consult the department’s website, http://www.clas.wayne.edu/math.

Wayne State University is a premier, public, urban research university located in the heart of Detroit where students from all backgrounds are offered a rich, high quality education. Our deep rooted commitment to excellence, collaboration, integrity, diversity and inclusion creates exceptional educational opportunities preparing students for success in a diverse, global society. WSU encourages applications from women, people of color, and other underrepresented people. Wayne State is an affirmative action/equal opportunity employer.
