Spring 2005

Seminars:

Speaker: Richard Olshen
Division of Biostatistics
Departments of Electrical Engineering
and Statistics
Stanford University

Title: *Binary Tree-structured Statistical
Methods and the Genetics of
Hypertension*

Date: Monday, May 9, 2005

Place: Gowen 301

Time: 3:30 P.M.

Congratulations!

Adrian Raftery now tops ISI's list of the world's most cited mathematical scientists. Congratulations, Adrian, on an outstanding and unique achievement!

Welcome:

Dr. Brendan Murphy, a Visiting Scientist in CSSS for the next few months. He is currently a Lecturer in the Department of Statistics at Trinity College Dublin, Ireland. He will be collaborating with Adrian Raftery and his research interests are in Bayesian Statistics and mixture models. He is also interested in the social sciences and medical disciplines.

Masashi Miyamura of the Department of Mathematical Engineering, Osaka University, Osaka, Japan is visiting for one year to do research with Thomas Richardson.

Out of Town:

Tilmann Gneiting is on sabbatical visiting the Geosciences Department at the University of Bayreuth, Germany.

Peter Guttorp and June Morita are on sabbatical visiting the Department of Mathematical Sciences in Lund, Sweden.

Jon Wellner is visiting the Department of Mathematics at the Vrije Universiteit Amsterdam from September 15, 2004 to June 15, 2005.

The University of Washington is committed to providing access, equal opportunity and reasonable accommodation in its services, programs, activities, education and employment for individuals with disabilities.
