POSTDOCTORAL FELLOWSHIP in Epidemiology, Biostatistics, and Clinical Trials at the Department of Health and Human Services (DHHS), National Institutes of Health (NIH), National Institute of Diabetes and Digestive and Kidney Diseases (NIDDK), in Phoenix, Arizona. We conduct human research on type 2 diabetes and related conditions including obesity and diabetes complications in children and adults, using the disciplines of epidemiology, genetics, and clinical trials. Applicants must have a PhD, MD, or equivalent doctoral degree obtained within the past 5 years, with an emphasis on chronic disease epidemiology, biostatistics, statistical genetics, or clinical trials. Please send curriculum vitae to William C. Knowler, MD, DrPH, email: knowler@nih.gov. DHHS and NIH are Equal Opportunity Employers.
