Non-Tenure Track Faculty Position:
Teaching Assistant Professor

The Department of Statistics at North Carolina State University invites applications for a non-tenure track position at the Assistant Professor level to begin in January 2018.

Applicants must have a PhD in Statistics, Biostatistics, or closely related field such as Statistics Education. Excellence in teaching is required. The successful candidate must be committed to contributing to the department's broadly-defined teaching mission. In addition to teaching a variety of statistics courses with enrollments of different sizes, the successful candidate's duties may include supervising multi-section courses, advising students, or other scholarly activities related to teaching. Experience coordinating courses is a plus. The position is not eligible for tenure but promotions in rank are possible. The initial appointment is expected to be for two years. Reappointment for longer periods is possible.

To apply, please go to: https://jobs.ncsu.edu/postings/87870

Please visit http://www.stat.ncsu.edu for information about the Department. Processing of applications will continue until the position is filled.

Inclusiveness and diversity are academic imperatives and thus are university goals. NC State University is an equal opportunity and affirmative action employer. In addition, NC State welcomes all persons without regard to sexual orientation or genetic information.
