MBI Postdoctoral Fellows

The Mathematical Biosciences Institute (MBI) is accepting applications for Postdoctoral Fellows to start September 2018.

MBI postdoctoral fellowships are one-year appointments renewable for up to two additional years, contingent upon satisfactory performance and the availability of funds.

MBI postdoctoral fellows engage in an integrated program of tutorials, working seminars, workshops, and interactions with their mathematical and bioscience mentors. These activities are geared toward providing the tools to pursue an independent research program with an emphasis on collaborative research in the mathematical biosciences. MBI-facilitated activities are tailored to the needs of each postdoctoral fellow.

MBI also expects to hire for co-sponsored postdoctoral positions with academic and private sector partners, including researchers at Ohio State University and Battelle Memorial Institute.

For additional information please visit http://mbi.osu.edu/participate/postdoctoral-fellow/ or contact Tony Nance (tony@mbi.osu.edu).

Applying for an MBI Postdoctoral Fellowship:

Applications for a Postdoctoral Fellowship completed before December 4, 2017 will receive full consideration.

Applications for an MBI Postdoctoral Fellowship should be submitted online at https://www.mathjobs.org/jobs/fellowship/11050

MBI receives major funding from the National Sciences Foundation Division of Mathematical Sciences and is supported by The Ohio State University. Mathematical Biosciences Institute adheres to AA/EOE guidelines.
