Instructor to Senior Instructor I in Statistics

The Fariborz Maseeh Department of Mathematics and Statistics at Portland State University invites applications for a non-tenured track continuing position in Statistics at the level of Instructor or Senior Instructor I. The successful applicant will be expected to teach undergraduate level Statistics courses, contribute to the curricular offerings of the department, and participate in service activities appropriate to interest and expertise. The department is particularly interested in applicants who can work collaboratively with social science partners in the College of Liberal Arts and Science and other applied scholars across campus. Candidates experienced in teaching online courses should note that in their application. The normal teaching load for this position is three courses per term.

Portland is consistently ranked as one of the world’s most livable cities, and Portland State University has an established record of excellence in research, teaching, community outreach, and sustainability. Please see www.pdx.edu for more details.

Minimum qualifications: Masters degree in Statistics or equivalent.

Preferred qualifications: Ph.D. in Statistics or equivalent.
