

## **Postdoctoral Fellow**

A postdoctoral fellowship (up 2 years) is available under the direction of Prof. Alexander Goldenshluger at the Department of Statistics, University of Haifa, Israel; <https://stat.hevra.haifa.ac.il/index.php/en/>. A successful candidate is expected to contribute to mathematical research in the area of research interests of A. Goldenshluger. For details see <https://sites.google.com/view/goldenshluger>.

Applicants are required to have a completed PhD degree in Statistics, Applied Probability or related areas, and strong mathematical and computational skills.

Applications (a motivation letter + CV with a list of publications and references) and inquiries should be directed to A. Goldenshluger, [goldensh@stat.haifa.ac.il](mailto:goldensh@stat.haifa.ac.il).
