Non-tenure-Track Assistant Professor of Instruction in Biostatistics
Department of Biostatistics and Data Science, School of Public Health
University of Texas Health Science Center at Houston

Applications are currently being accepted to fill a full-time, 12-month non-tenure-track teaching faculty position at the level of Assistant Professor of Instruction at the Department of Biostatistics and Data Science housed inside the School of Public Health at University of Texas Health Science Center at Houston. This position is expected to teach 5-6 biostatistics courses per year with at least 4 of those in introductory biostatistics courses, but otherwise minimum service task. This is a 3-year appointment with possibility of renewal, and potentials of promotion to the level of Associate and Full Professor of Instruction.

Position Qualifications: A Ph.D. degree in biostatistics, statistics or related disciplines is required. The candidate must have a strong interest in teaching, enthusiasm to work with students, and provide evidence of teaching excellence with good communication skills. Preference will be given to candidates who wish to focus their careers on the development and practicing of innovative teaching strategies and novel pedagogic technologies. A teaching statement is required for application consideration.

The Department of Biostatistics and Data Science at the School of Public Health has a 40+ year history at University of Texas Health Science Center at Houston, and is committed to excellence in research, education and collaboration services in biostatistics and data science. The department currently has more than 20 full-time faculty members and 100 students (MPH, MS and Ph.D). As one of the largest Biostatistics PhD programs in the country, our department is ranked as the second largest number of Biostatistics PhDs produced in the past five years (AMSTATNEWS, August 2018). Our strong research profile and collaboration within the Texas Medical Center — the largest medical center in the world— offer access and opportunities for career development. Houston has a temperate climate, an incredible diversity of people, food, and cultures, amazing shopping, world-class museums, and a low cost of living.
