Tenured/Tenure-track Position in Data Science

NYU Shanghai welcomes applications for a Tenured or Tenure-Track position in Data Science. The search is not restricted to any rank and outstanding candidates at all levels are encouraged to apply.

NYU Shanghai is adding new open-rank faculty positions to build its strength in data sciences, computational and statistical sciences, through a cluster hire. We seek outstanding data scientists with experience in the mathematical or CS foundations of Data Science and Machine Learning, or in applying advanced statistical and computational methods to the sciences or the social sciences. A compelling vision for their research program at NYU Shanghai, and a demonstrated commitment to interdisciplinary research and education will be needed.

NYU Shanghai has a vibrant undergraduate program in Data Science, and the Data Science group at NYU Shanghai is built in collaboration with the Center for Data Sciences, and with the Courant Institute of Mathematics, at NYU in New York. Affiliated, associated, or joint positions may be possible.

Applicants should submit a cover letter, curriculum vitae, statement of research and teaching interests, and electronic copies of up to five relevant publications. To complete the online process, applicants will be prompted to enter the names and email addresses of at least three referees. Each referee will be contacted to upload a reference letter.

Terms of employment at NYU Shanghai are comparable to U.S. institutions with respect to research start-up funds and compensation, and they include housing subsidies and educational subsidies for children. Faculty may also spend time at NYU New York and other sites of the NYU Global Network, engaging in both research and teaching.

Review of applications will begin on January 15, 2020 and will continue until the position is filled. Please visit our website at http://shanghai.nyu.edu/en/about/work-here/open-positions-faculty for instructions and other information on how to apply.
