Data Science Fellow
Yakima Valley Farm Workers Clinic (YVFWC) is looking for a recent master's level graduate! This opportunity is a 12-month fellowship program providing extensive training in Business Intelligence, Analytics and Data Science. You are encouraged to apply if you will complete your degree by August 2020.

Business Intelligence (BI) & Analytics Fellowship
The Data Science fellowship is crafted for those who are interested in ensuring the organization has the data, reporting, and analytical capabilities that are vital to meet both its clinical and fiscal functions.

The BI Department supports the following groups:

- Medical
- Dental
- Behavior Health
- Managed Care
- Operations
- Finance
- Human Resources

This track offers rotations through two BI teams, one focused on quality and population health reporting and the other on business and operations reporting, as well as rotations on other teams in Information Services.

You will learn how to:

- Use agile development methodologies on a remote team
- Support self-service reporting tools on electronic medical records (EMR) and payer claims data
- Maintain and execute a product road map that reflects senior leadership priorities
• Promote good data governance practices

You will also be responsible for small projects related to reporting or data requests, self-service analytics training, quality of care reporting, and data governance.

Fellowship training includes:

• Mentorship from executive leaders
• Supervisory and leadership training
• Intensive orientation of all YVFWC sites, programs, and services
• Training on state of the art EMR system (EPIC)
• Short-term rotations which include but are not limited to HR, Planning and Development, Marketing, Outreach, and Operations.
• Self-directed community service

You will acquire the knowledge, and skills to become a successful leader in any healthcare setting, focused on community health! Through strategic projects, and other responsibilities, you will gain key proficiencies and exposure to operations, finance, government relations, leadership, and other opportunities based on your interests. Other duties will include community involvement, advocacy for the fellowship program, fellowship recruitment, and attendance of leadership meetings.

About the Fellowship:

The Fellowship is a 12-month program. It's a salaried and benefited position. Learn more here:

Qualifications:

• Education: Recent master's degree received on or before August 1, 2020
• Knowledge/Skills/Abilities Required: Passion for serving the underserved patient populations with an emphasis on the Latino community.

How to apply:

• Resume (attach to the resume section of the online application)
• Personal Statement (attach to the attachment section of the online application)
• What personal experience and educational training have led you to seek an administrative fellowship at a Federally Qualified Health Center (FQHC)?
• Tell us why you are interested in the fellowship track you selected. Comment upon your relevant work and volunteer experience and your short-term (fellowship) goals as well as your long-term career development in this field.
• Describe your dedication and unique understanding of the Latino population or other underserved populations.
• What attracts you to the Pacific Northwest and your dedication to relocating?
• Official graduate school transcript(s)
• Three letters of recommendation (one academic, and two professional letters). Please address letters to: Sollus Northwest Selection Committee.
• Transcript(s) and letters of recommendation must be sent directly from the university/or recommender to adminfellow@yvfwc.org or to Sollus NW Administrative Fellowship 601 North Keys Road Yakima, WA 98901.

About YVFWC
We serve more than 181,000 patients across 25 medical clinics, 14 dental clinics, 10 pharmacies, and 64 program sites in two states. We are Level 3 Certified as a Patient-Centered Medical Home (PCMH). With integrated services including medical, dental, pharmacy, orthodontia, primary care nutritional counseling, autism screening, and primary care behavioral health, YVFWC's patient-centered model of care offers patients the full spectrum of care and shelter assistance, energy assistance, weatherization, HIV and AIDS counseling and testing, home visits, and four mobile medical/dental clinics.

Working at YVFWC
Working in our organization means being the passionate champion for those who have no voice. It means having the opportunity to work with underserved populations and with peers committed to the same work.

At Farm Workers Clinic:

• We will consistently trust one another to work for the common good.
• We will foster integrity by demonstrating ethical behavior and insisting on doing what we say we will do.
• We will demonstrate transparency by being candid and truthful no matter the risk.
• We will create partnerships to strengthen ourselves and our community.
• We will fight for just treatment for all individuals.
• We will let joy in.
• We have the courage to be an agent of change and refuse anything short of excellence.

Our mission celebrates diversity. We are committed to equal opportunity employment.
