MEMORIAL SLOAN KETTERING CANCER CENTER

Masters Level Biostatisticians

Memorial Sloan Kettering Cancer Center has positions available for masters level biostatisticians. The successful applicant will engage in a wide variety of collaborative projects with medical investigators and statisticians. Projects involve the design, analysis and publication of clinical, laboratory or genomic research.

Qualifications include a masters degree in biostatistics or statistics, excellent programming skills, proficiency in database manipulation, and good verbal and written communication skills.

Please email cover letter and c.v. to: EPIBIOSTATS@mskcc.org.

MSKCC is an equal opportunity and affirmative action employer committed to diversity and inclusion in all aspects of recruiting and employment. All qualified individuals are encouraged to apply.
